

40 - 50 ARTICLES

WARRANT FOR TOWN MEETING

A total of between 40 and 50 articles for the annual Town Meeting in March, have been submitted to the Board of Selectmen, for listing in the annual warrant.

The articles are now undergoing the usual study and work, by Selectmen and Town Counsel, before being listed in the order in which they will appear in the warrant. Many are the usual articles that appear each year, such as one for the payment of debts of previous years.

A brief outline of some of the more interesting articles includes:

A Radar, for the Police Department; an article to enlarge the Town Beach, at Silver Lake; one calling for \$3500 for new furniture for the Town Hall; one calling for the purchase of a three-yard power sweeper for the Highway Department, and one which seeks to purchase three lots of land, adjacent to the Town Beach.

One article, submitted by the Town Manager, seeks to have tennis courts constructed at the North Intermediate School. He submitted another, for localities not specified, for new sidewalks.

There is an article to accept Oak Court, off Burt Road, under the Betterment Act, and there are two articles to sell land to the Jackson Brothers, Inc.

A new Dog Leash law is proposed by David Wilberg, of Birchwood Road, he who exchanged letters with the Town Manager, in the Town Crier, on the subject of dogs.

An article calls for the town to sell four lots of land to Adam Kozlowski, of Salem Street.

Another calls for the town to transfer jurisdiction of two parcels

of town owned land to the Conservation Commission.

The Board of Trustees of the Public Library have submitted an article asking for the construction of a new public library.

Members of the Fire Department are asking that the town accept a statute which would limit their work week to 42 hours.

Three articles were submitted for the Wilmington Chamber of Commerce's proposed Urban Renewal project, in South Wilmington.

An article submitted by Henri Chinn of Belmont Avenue proposes to name the new West Intermediate School the George J Spanos School.

There is an article to rezone the Yentile farm, at Lowell and Cross streets. The farm, at present, is zoned for General Business.

The Chief of Police has submitted about ten articles.

One of them is for a Radar set. Another is for regulation of motor boats. He is also asking for a by-law to regulate junk, and unused cars. It is understood that he has submitted an article asking for an increase in pay for the ladies in the Traffic Division (School Crossing Safety Officers). The article, it is said, asks for \$1500 a year for the sergeant, and \$1000 for the other ladies.

Two articles were submitted by the Town Clerk, asking for revisions in the methods of filing Nomination Papers, and for the regulation of Voting Hours, during elections.

The Building Inspector has put in an article asking for a sum of money for the purpose of enforcing the provisions of Chapter 143, Sections 7, 8, & 9, General Laws, money to tear down condemned buildings.

A SURPRISE FOR MARGARET PAGE: Of the Mechanics Savings Bank, Tuesday afternoon, was a Plaque honoring her five years of service for the Mothers March of Dimes. It was presented by Mrs. Bernard C Mahoney, Mothers March Chairman (left) and Mrs. Ted Cantrell, Town Chairman.

The Mothers March will take place in the last week of January.

LaRIVEE IS NOT A CANDIDATE

Rene J LaRivee, member of the Board of Selectmen, and former chairman, announced Monday evening that he would not be a candidate for re-election, in March.

The former head of Wilmington's Civil Defense served one term, having been elected in 1963.

Seek dog which attacked lady druggist

Wilmington Police are searching for a black German Shepard dog which viciously attacked Mrs Velma Brown, a druggist employed at the Wilmington Center Pharmacy.

The attack took place last Saturday, at 9:40 pm in the parking lot of the Middlesex County Bank.

The search is being conducted at the request of Dr. John Marshall, Lowell Street, the physician who attended Mrs Brown after the attack. Dr Marshall wants to determine whether or not the dog has rabies.

It is important that the dog be found. If there is no proof that the dog is free of rabies Mrs Brown will have to undergo a long and painful treatment, inoculations against the disease. If it is proved that the dog does not have the disease she will not have to take the injections.

The dog is described as being huge. It was seen by several persons Saturday night, in the Wilmington Square area, and appeared to be searching for his master. The conjecture is that his master uses the railroad for transportation to and from Boston, and had recently either got off, or had boarded a train, at the depot, across the street from the pharmacy.

When Mrs Brown left the drugstore, last Saturday, the dog followed her to the parking lot.

At the parking lot it suddenly sprang upon her, knocking her to the ground, and seeking to bite her in the face and throat.

There was a heavy snowstorm at the time. A Mr. Duggan, believed to live somewhere in the vicinity of Shawheen Avenue, who was on Main Street, sensed that there was

to the belief that anti-rabies serum may be necessary.

Chief of Police Paul J Lynch has asked that anyone having knowledge of such a dog call him, or the desk officer at the Police Station (658-3331).

The Chief also asks that persons having knowledge, but who do not, for some reason, wish to call the Police Station, please call the Town Crier office (658-2346).

The dog, he says, must be found, and soon.

TOMMY AND RICHARD PELLERIN IN VIETNAM

Tom and Richard Pellerin, sons of Mr and Mrs Mathias Pellerin of Burlington Avenue, are serving in Vietnam, at two places 130 miles distant from each other.

Richard had the experience of having the plane in which he was a passenger being hit by anti-aircraft fire. A second time he was near a bomb which fell, but was not injured, although another man was killed.

Richard's address is: T/Sgt. Richard P Pellerin, AF 21290977, 309th ACS, Box 6797, APO San Francisco, Calif 96307.

BRUISES and scratches were still visible on Mrs Brown's arm three days after the attack.

BLESS THE WEEKLY LAST OF THE MOHICANS

There is a lot said, and sometimes doubted, about the freedom of the American press. But the freest press in our land today is the small independent weekly newspaper. It is free because it is one of the last survivors of an age of individualists. It is too small to be noticed a great deal by the mighty powers that mold public opinions.

It exists only by the grace of the Almighty and the good will of its advertisers. Its owners and publishers are usually too stubborn to be bought, and it doesn't give the mighty newspaper empire's enough competition to earn their enmity.

Editorially it preaches 'Trade at home,' 'Support your local chamber of commerce' and 'Go to church on Sunday.' But it can and does jump on crooked politicians and corrupt government and it can wax eloquent over the questions of patriotism and motherhood. Now and then it castigates the mayor or governor of the state, and the President and the Supreme Court of the United States when it feels they deserve censure. Its personnel work long hours, more or less cheerfully accepting torrents of abuse from disgruntled readers.

But it is free. Perhaps it is that kind of freedom that comes when you no longer have anything more to lose. But it is the most real journalistic freedom left in the world. Too insignificant for the pressure groups to bother with, it wields a cumulative power that is one of the tremendous forces in our nation today.

But like many of our blessings, it is taken for granted. People tolerate it like they do an eccentric aging relative. The weekly paper has been around so long that the citizenry rarely pauses to consider it. But, comes a dictatorship or military occupation, the newspaper is the first thing that must be controlled.

Clermont Florida, South Lake Press

WAVES ARE NOT ALWAYS FRIENDLY

A Wave, Capital W, is a lady who is serving in the U.S. Navy.

A wave, small w, is a signal that is given by friends, to one another, meaning in effect 'All is well in the World' or perhaps 'I recognize your face, but I haven't remembered your name'.

It is also one of several signals given by the ladies who are known as Traffic Supervisors, and are employed by the various municipalities in this commonwealth, for the purpose of protecting school children, at street crossings.

There seems to have been a little confusion in this town recently, over the meaning of the signals given by those ladies. There are reports that some people regard a signal by the ladies in the Police Force Blue, (Powder Puff Brigade) as merely friendly greetings.

The girls hold up their hand, of course, to tell drivers to stop, because children are about to cross the street. That's the job of the Traffic Supervisors all over Massachusetts.

In Wilmington the girls have more power than in other towns. Wilmington's Traffic Supervisors are also sworn in as Special Police, which means that, Powder Puff Brigade or no, the ladies have the power to make an arrest, if they feel it necessary.

The point is that when the ladies hold up a hand it is not necessarily the extension of friendly greet-

ings, even if there is a nice smile behind it. And, inattention to such an order might result in a motorist having to explain things to the judge.

THE MBTA TERMINAL

Last week the Town Crier (and the Andover Townsman as well) reported that there is a possibility that a proposed Massachusetts Bay Transportation Authority terminus will be located at the junction of Routes 93 and 129.

Other information which has come to this paper indicates that the MBTA is considering other areas within Wilmington as well. One site being considered is near the crossing of Route 93 and the railroad, in North Wilmington - i.e., somewhere near the Bob Evans farm.

What the MBTA is seeking is an area where 6,000 cars can be parked. It hopes to locate this near Route 93, and thus get passengers from such places as Andover, Lawrence, Salem, N.H., and points north, before they drive their cars all the way into Boston.

This seems to be good planning - but:

As this paper understands the formulae on which the deficits of the MBTA are computed, each town or city pays in proportion to the number of passengers boarding in the community.

If the MBTA terminal were to be located in Wilmington, so as to 'drain' passengers from Route 93, and if 6,000 cars were to be parked in that terminal area, would Wilmington have to pay a 'head tax' on all those people from Andover, Lawrence, etc?

1965 WAS A YEAR OF ARSON

In the opinion of this paper, 1965 was the Year of Arson, in Wilmington.

A further opinion, totally unsolicited, is that the person or persons who (is) (are) committing the arson uses an automobile, and perhaps is not a resident of this town.

Eight buildings in Wilmington were victims of this type of destruction, during recent months. In nearly every case the building was vacant. Most of them were old.

The home of the late Herbert C. Barrows was the site of the most spectacular fire. Destruction, for all purposes, was total.

Destruction was also total for the 'Hermit's House' at the upper end of Ballardvale Street, and two small places off Ballardvale Street - Catalino's and Tallini's.

Other buildings which were attempted, in the opinion of this paper were the 1730 House, the Bill Mack former gas station on Main Street, the Tweed-Manning House (one of Wilmington's oldest) on Ballardvale Street, and the Pearson Tavern, in which the John Elia family was living.

Wilmington is not alone, in these reports of arson and attempted arson, but it does seem to be in the center of activities.

LWV

will hear talk on sewerage

TM Richard Henneberger and Harold D. Kilgore, representative of Whitman & Howard, Inc. Engineers will speak regarding Betterments, on Wednesday, January 19, at a meeting, sponsored by the Wilmington League of Women Voters. The public is invited to attend this meeting at the Methodist Church at 8 pm.

League members will present a brief history of betterments, the law as it applies to Massachusetts, and the pros and cons of financing public improvements through betterments.

The proposed sewerage system for Wilmington will be discussed and general information given on this. Alternate methods of financing, as well as the method proposed for Wilmington, will be included in the program.

The taxpayers of the town will find this to be of vital concern, as there may be an article in the warrant of the annual Town Meeting regarding the pending issue of sewerage.

White

well known to Wilmington Police

Boston papers, Saturday, told a story about a Richard A. White, Concord Reformatory escapee, who was supposed to have stolen several cars in the North Shore area, and led state and local police on a merry hunt through Lynnfield and Salem.

White was serving time in the reformatory after having been convicted of numerous crimes of breaking and entering, several of which were in Wilmington.

Last fall he broke into the Shaw-sheen Avenue Food Mart, and also stole a car from the garage of Walter Kinkle, on Grand Street.

A few days later Officer Dolan of the Wilmington Police surprised White, after he had broken into the Merri-Mac Laundry. White fled, eluding Dolan, but left behind a stolen Thunderbird, with burglar's tools, and a sum of money.

He was subsequently apprehended in Worcester, and admitted the Wilmington thefts, as well as others in Reading and Billerica.

Miceli and Bloom out

Five man Planning Board

The Wilmington Planning Board, long noted for arguments lasting into the night, and for reports and other papers which turn out to be controversial, has been reduced to five members.

Town Manager Richard Henneberger, last Thursday, wrote letters to two members, telling them that after ten days they could no longer consider that they were members of the board.

The letters, gentle in nature, were sent by Registered Mail, re-

turn receipt requested.

James R. Miceli of Cedar Crest Road, and Melvin Bloom of North Street were the two members who received the letters.

Miceli has a record of hardly ever missing a meeting. Bloom's record is not so good, in attendance. Neither man has commented on the Town Manager's action.

Henneberger told the Town Crier that he believed a five man board could work together better than a seven man board.

The Selectmen's Meeting

A Power Study Committee, recommendation that the town negotiate with Reading Light for lower power rates highlighted Monday night's Selectmen's Meeting. In a letter to the Board, Erwin Hanke, Power Study Committee Chairman, revealed that according to the General Laws, Chapter 369, Section 3, rates are a matter of agreement between the town and Reading Light. Hanke said that when the rates were changed in 1957, there was no 'agreement' at any time between the town and the power company. Consequently, the Power Committee recommends that the Selectmen write to Reading Power and remind them of their obligation and; (1) take on the job of reviewing and negotiating rates; or (2) authorize the Power Study Committee to do so; or (3) appoint someone else to do it.

Hanke further informed the Selectmen that Reading Light made a profit in 1963 of 6%, and 7% in 1964. The maximum allowed by the General Laws, Section 58, Chapter 164, is 8%. This is further reason, the Power Study Committee feels, for a re-negotiation of rates.

Selectman Niles moved that the Board set up a meeting with the Power Study Committee to decide on the best course of action for negotiating with Reading Light. The motion was unanimously approved.

Richard Keane and Dick Pelle-

tier, Wilmington's representatives on the Shawsheen Valley Vocational School Committee, appeared before the Board to answer questions on the proposed budget for the coming year. Keane told the Selectmen that Wilmington's share of the budget would amount to \$6,979, or 17% of the total budget. Wilmington's share is second lowest for the five towns, with Bedford having the smallest portion of the budget.

The Selectmen questioned the appropriation in the budget for hiring a director for the school this year, before the school site has even been selected. Keane and Pelletier explained that this was common practice, and was economically justified by the amount consequently saved in consultant's fees.

The Vocational School Committee plans to select a site before the year is out, Keane told the Board. A minimum of 27 acres will be needed for the site. Keane said that a number of possible sites had been located in the five town area.

Jurors

The names of William E. Dunham, 41 Brentwood Avenue and Wilbur T. Stavely, 5 Harris Street were drawn for the Jury Pool in Cambridge, February 7. Francis L. Murphy, 11 Carson Avenue was drawn for civil duty in Lowell February 7th.

March of Dimes

The Board officially proclaimed the last week in January to be March of Dimes Week.

Annual Town Report

Town Manager Richard Henneberger discussed with the Selectmen plans for the publication of the annual town report. Henneberger passed around several professionally published reports from other towns for the perusal of the Board. Niles said he would like to see a change in format from last year to make the report more informative and easier to read. The Board asked Henneberger to investigate the possibilities of a professionally produced report.

At 8:58 pm, the meeting adjourned and the Board went into a private meeting on the budget.

In Memoriam - George Spanos

Dear Larz,
After attending the funeral services of the late George Spanos, I knew I had to do something to honor the memory of this fine gentleman.

As a veteran, I feel I can best pay tribute to him.

Therefore, I should like to dedicate this medal, The Bronze Star, awarded me in Korea, in memory of George Spanos, a man who never got tired of helping people, a dear friend, a man among men, God Bless You George.

New Building Code is now Law

Attorney General Edward Brooke, on January fifth, signed the new Building Code for Wilmington, thus making it into law.

A letter which was received by the Town Clerk, written by Carter Lee, Assistant Attorney General, had a list of recommendations and comments, five in number, from the Board of Standards, which passes on Building Laws, before the Attorney General signs them. One of the comments pointed out that 'raised' should have been spelled 'razed'. Another comment was on the provision for swimming pools, in the Wilmington by-law, after which it said that the Board of Standards does not have a standard for pools, and therefore no comment is needed.

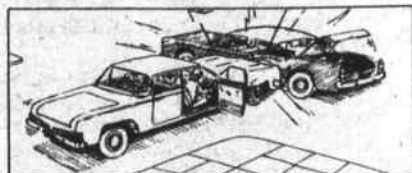

ONE OF THE BETTER CHRISTMAS DISPLAYS, visible from Route 93, was the Forrest home, on Baland Drive.

TAKEN BY THE TOWN: The Mercutio home, so called, at the corner of Shawsheen Avenue, which stands on part of the land recently taken by the town, for a new school.

The home was built over 50 years ago on the site where Peter Cornelle, a Huguenot, built his home about 1692-3, a home which was during the days after the Civil War known as the Widow Jaquith Home.

YOUR MASSACHUSETTS AUTO INSURANCE RATES

YOU ARE ENTITLED to know WHY your automobile insurance costs more in 1966!

THE NUMBER OF CARS on Massachusetts highways rose only 2.7% in 1964 BUT total motoring deaths and injuries shot up 12%!

MASSACHUSETTS has been caught up in a nationwide pattern — auto insurance rates have gone up sharply in 37 states during 1965, with substantial increases scheduled for six additional states.

MASSACHUSETTS MOTORISTS have exhibited the highest bodily injury accident claim frequency in the nation.

IN JUST FIVE YEARS (1960 through 1964) the Registry of Motor Vehicles reports that 3,309 human beings were killed on Massachusetts highways — more than the equivalent of wiping out any one of several of our smaller communities.

IN THE SAME PERIOD 560,755 were reported injured. This shocking figure is only 55,571 short of the entire population of BOSTON itself!

BOSTON, BY THE WAY, has the highest bodily injury claim frequency of any city in the United States.

WE SHOULD ALL REMEMBER that no matter what system of automobile insurance may be used, the cost of this protection CANNOT POSSIBLY GO DOWN until there is first A SUBSTANTIAL AND CONSTANT REDUCTION in motoring accidents and consequent claims.

THE COSTS OF ACCIDENT CLAIMS are charged back to the community in which the motorist causing the accident garages his car — regardless of where the accident may have occurred.

THEREFORE cities and towns whose motorists have fewer accidents in driving throughout Massachusetts will continue to receive lower compulsory auto insurance rates!

YOUR INSURANCE COMPANY urges your active support of state and local safety groups and law enforcement agencies, while at the same time pledging its own support of aggressive and meaningful efforts to reduce highway accidents.

Drive With Caution,
Courtesy and Common Sense

Letters

Dear Larz,

Enclosed is my \$3 for the Town Crier for 1966. This is our first winter in Wilmington and our first home (including mortgage). Our next 'first' will be to get down to the Town Hall and register to vote.

P.S. Enjoy your newspaper very much.

Herbert Colby, Jr.
4 Grace Drive, Wilmington.

Dear Larz,

Well, I want to thank you for sending the Town Crier to me. It is so nice to hear of the news around my hometown. I would appreciate though, if you would send it Air Mail. It takes about 4 weeks to get here by regular mail. I would be happy to pay the extra cost of postage.

I have been in Viet Nam now 7 months and I only have 5 more months to go. It has been a rewarding experience for me. One couldn't imagine how well off they are in the U.S. until they visited a place like this. If those people that protest against the U.S. policy in Viet Nam could only come over here for a couple of weeks, I am sure they would be in favor of helping these people out.

They need the chance to progress which was denied them by the Viet Cong. Since I have been here, I can see the progress that they are making towards a better life. I hope that they will be able to live

the life they want real soon. This is why I feel that we are doing a great deed by helping these people out.

If anyone in our town would like to send goods to the orphanages over here, they could mail the packages to me or the Commander of the Regiment and we would see that it would get delivered. Many communities are doing this and the people really appreciate it.

I guess that is all for now. I will look forward to receiving the paper every week.

Thanks again,
Sincerely,

Allen R. Park

The Town Crier charges \$1.00 a year, and sends the paper to servicemen, who are members of subscriber families. The \$1.00 just about pays for the postage. The paper is free.
